2. Licences issued hereafter for the periods in question will, therefore, be made valid to cover imports of the above item in addition to the 23 items already admissible. Licences already issued for the periods in

question need not be presented to the licensing authorities individually for amendment. They will be regarded as covering the additional description also and customs authorities have been advised to permit such imports.

It will not be necessary for the licence holders to make a request for such extension either to the Chief Controller of Imports, New Delhi, or to the Deputy Chief Controller of Imports at any port. Customs authorities have been advised accordingly.

3. Licences issued in future will be granted with an initial period of validity of 12 months.

New Delhi, the 16th March 1951

**SUBJECT:—Licensing of Panel Pins falling under Serial No. 25 of Part I of the Import Trade Control Schedule during the January-June 1951 licensing period.**

**No. 55-ITC(P.N.)/51.**—The attention of importers is invited to entries under column No. 2 against Serial No. 25 of Part I of the Import Trade Control Schedule in Appendix 'C' to the Public Notice No. 150-ITC(P.N.)/50, dated the 15th December 1950 read with Ministry of Commerce and Industry, Public Notice No. 24-ITC(P.N.)/51, dated the 2nd February 1951.

**SUBJECT:—Import of preparations of drugs included in Open General Licence No. XXI.**

**No. 56-ITC(P.N.)/51.**—The Open General Licence No. XXI issued by the Government of India includes certain items of drugs and medicines with a clear indication that preparations of some of those would not be allowed the benefit of the Open General Licence. For example, the entry "Bismuth Oxide excluding preparations thereof" makes it clear that only Bismuth Oxide can be imported. There are, however, certain items in Open General Licence No. XXI which do not have such a specific qualifying clause. In these cases, it has been decided that "preparations" should also be given the benefit of the Open General Licence, if the preparations contain the drug which has been specifically included under the Open General Licence, in therapeutic quantities.

**SUBJECT:—Licensing of items falling under Serial Nos. 75, 75-A, 76, 76-A, 77, 77-A, 77-B, 77-C, 77-D and 77-E, of Part IV of the Import Trade Control Schedule for January-June 1951 period.**

**No. 57-ITC(P.N.)/51.**—The attention of importers is invited to the remarks column against Serial Nos. 75, 75-A, 76, 76-A, 77, 77-A, 77-B, 77-C, 77-D and 77-E of Part IV of the Import Trade Control Schedule in Appendix 'C' to the late Ministry of Commerce Public Notice No. 150-ITC(P.N.)/50, dated the 15th December 1950.

2. It has now been decided that the quota of 20 per cent. already announced for items falling under Serial Nos. 77, 77-A, 77-B, 77-C, 77-D and 77-E, vide Public Notice referred to above should be joint for all the articles falling under the Serial Numbers for purposes of grant of import licences for one or more items mentioned above.

3. Similarly Serial Nos. 75 and 75-A of Part IV and 76 and 76-A of Part IV will have joint quotas for items falling under them respectively.

4. It is understood that many firms could not apply for articles falling under these Serial Numbers earlier as the quota on the basis of their imports fell short of the minimum qualifying limit. Such firms may now apply in terms and conditions laid down in the late Ministry of Commerce, Public Notice No. 150-ITC(P.N.)/50, dated the 15th December 1950 and their applications should reach the authorities concerned by the 16th April 1951.

5. Licences already granted for January-June 1951 period for either of the Serial Numbers can be used for importation of goods falling under any Serial Number mentioned above.
